

Subject: In Case You Missed It: Israel Conference Call Recording Available

Dear NCJW Leader,

NCJW President Nancy Ratzan convened a conference call last week so that Shari Eshet could give the latest update of what is happening on the ground in Israel. Shirley Katzir, director of the Eden Association joined Nancy and Shari on this call to give her perspective of the situation.

For those of you who were on the call, we thank you for your participation and are sure you will agree it was very informative. For those of you who were unable to participate in the call, we are pleased to be able to share the a recording of it with you. Simply visit <http://www.filedropper.com/israelcall> to download the mp3 file of the recording.

We thank you for your continued interest and support of NCJW's work in Israel.
