

NCJW Signs — Making Speaking Out Easier Than Ever

NCJW has created these six branded signs that you can use anywhere and anytime. Make the NCJW presence known wherever you go, whether it's a march, meeting, or any other event where you want NCJW to stand out.

It's easy. Just follow these simple instructions.

1. Make sure your color printer is loaded with white paper. Either tabloid (11x17) or letter (8.5 x 11) will work fine.
2. Cut down board to size, if necessary.
3. Visit www.ncjw.org and click on "Section Resources."
4. Click on NCJW Signs, and choose the sign you like best.
5. Open this PDF file in Adobe Acrobat.
6. Before printing, make sure your printing settings are for the correct paper size. Select Auto-Rotate and Center. Do not scale the document (scaling should be set to none).
7. Click Print.
8. Use adhesive (spray mount, glue stick, or double-sided tape) to attach the paper sign to the board.

Materials: Color printer, tabloid or letter-size mount board (foam, Bristol, or poster board), adhesive (spray mount, glue stick, or double-sided tape), scissors.

A FAITH IN THE FUTURE.

A BELIEF IN ACTION.[®]
